

A night out on the town at the

*Wheeling Nailers  
Game*

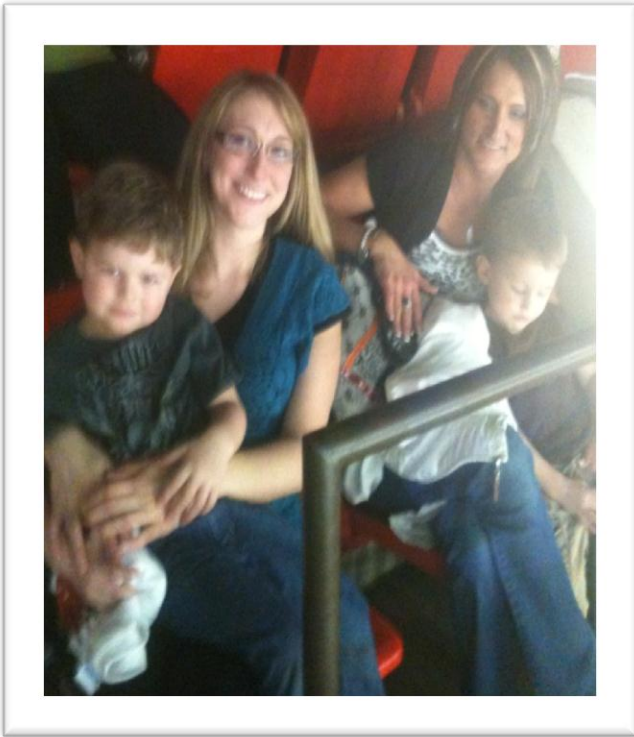

March 16, 2012

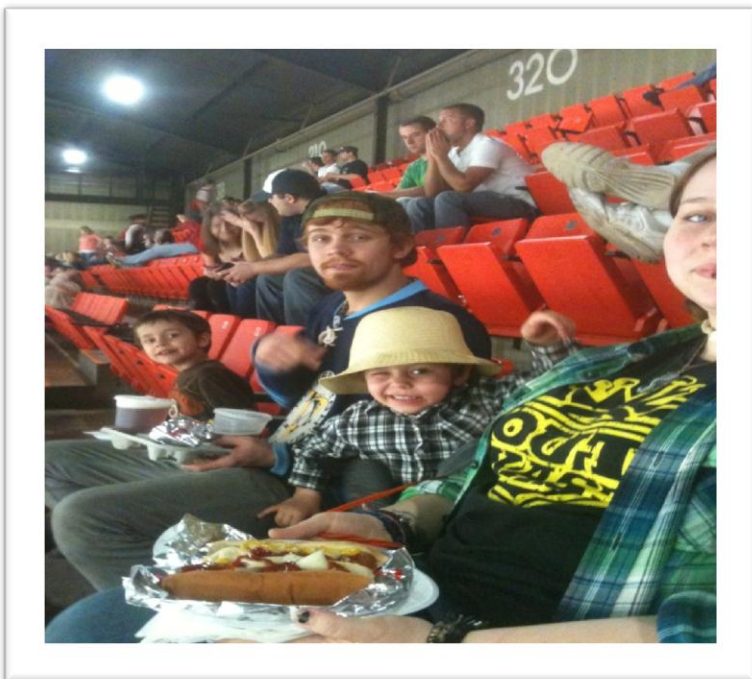

*still waiting on  
that goal!*

# Halftime!!!!!!

Even though the wheeling Nailers played hard but fell short....our families still had a great time!!!!!! March 24/12

March 16, 2012 – the Wheeling Nailers face the Reading Royals

Families enrolled in the Early Head Start Orchard Park Centers and the Early Head Start Ohio County Home Base along with several Early Head Start staff and their family members enjoyed a night out with the Nailers Game compliments of the Golden Spike Association Tickets for Kids Program. “What a great way to support our local hockey team and bring families together,” shared Tim Midget, Early Head Start Father Advocate. “We are grateful to the Golden Spike Association for the generous contribution of 200 tickets which were used at various games throughout the season.

Contact was made with Mr. Paul Melanko, Account Executive and Mr. Kevin Schildt,

Director of Ticket Sales, and they made this experience possible.” The Golden Spike Association began in 2000 and was designed to support local non-profit organizations and provide children in the area with an opportunity to attend the hockey games. Midget also shared that families were provided tickets throughout the season based on parent volunteerism and involvement in the program, with all children and families given the opportunity to join in on the fun at game time. Special thanks to the Golden Spike Association Tickets for Kids Program and the staff of the Wheeling Nailers for considering our request to allow the Early Head Start families to enjoy a Night Out With the Nailers!
