1st Annual Family Daddy, Uncle and Pap Luncheon
@ North Park 4 Head Start Center, February 7, 2012
North Park 4 had their first Annual family Daddy, Uncle and Pap Luncheon. It was truly an awesome sight to see as 15 men came strolling through the classroom door to spend the day with their child. The invitations were sent out weeks ahead of time so family members could adjust their schedules to attend. The children were so excited to show off their learning environment and how they spend their day in school.

“No wonder you always want to get on that bus, it's fun in here!”

– Grandfather
We had a lunch for kings with spaghetti and meatballs, Italian bread, oranges and salad. Afterwards, we brushed our teeth to Choosy (dads included) and danced to several songs while the tables were being prepared to build our bird houses and paint them. Generation pictures were taken for fond memories with their loved ones.
“Everyone had a wonderful time getting together with old friends and meeting new ones. It was a warm, beautiful, loving day for all.”
