

Advisory Committee

Why Should You Join a Head Start Advisory Committee?

As a Head Start parent, joining your local HSAC allows your voice to be heard on the issues that are important to you regarding your child(ren) in the health, education, and/or family service aspect. Your input and perspective are needed to help understand how to best serve your family. We would love to have you on our committee!

The goal of the Advisory Committees is to provide guidance and input into the planning; operations, and monitoring of the health, education, and community services components for Early Head Start and Head Start.
